A. Needs Statement

1. Besides funding, what is the single biggest challenge you are facing in financial assistance services?

Caseloads continue to increase and the MNSure (METS) system continues to have challenges and inefficiencies. This has created a lot of extra work for staff as well as frustrated clients and providers. In recent years "Unification" of Rules across program areas has resulted in Staff having to do additional training.

2. Besides funding, what is the single biggest challenge you are facing in employment services?

Caseloads for MFIP have increased. The needs of participants in the areas of mental health, chemical health and child protection have increased. There is a lack of infant/toddler child care and public transportation is not readily available in all communities in Le Sueur County.

A. Needs Statement (continued)

3. What strengths and resources do you have available to address the needs of your participants?

Please **check all** the resources available to participants in your service area and check whether the resource is available within MFIP financial or employment services "in-house" or from a partner organization (county resources with developed connections to MFIP), and/or an external community resource or both. If you lack sufficient resources in your area, check the Resource Gaps column, even if there are some resource sources. Add any "other" resources that you consider necessary.

C. Measures

Performance Measures

- 1. Performance-based funding is determined by a service area's annualized Self-Support Index value. Review the information and report links in this section to see the effect of performance on funding and reporting, based on Statute 256J.626, subdivision 7.

Starting for calendar year 2016, each service area funding allocation starts at 100 percent. Each year starting with the 2016 allocation, a bonus to a service area's Consolidated Fund allocation will be based on its performance on the Self-Support Index in the previous April to March year.

The **three-year Self-Support Index (S-SI)**: This measure starts with all adults receiving MFIP or DWP cash assistance in a quarter and tracks what percentage of them, three years later, are no longer receiving family cash assistance or are working an average of 30 hours a week if still receiving cash assistance. Those who left MFIP after reaching 60 counted months and those who left due to 100 percent sanction are only counted as a success if they worked an average of 30 hours per week in their last month of eligibility or if they began receiving Supplemental Security Income (SSI) after family cash assistance ended. To provide fair comparisons across service areas, DHS calculates a "Range of Expected Performance" for the S-SI that is based on local caseload characteristics and economic conditions. The service area's Self-Support Index value is whether the service area was above, within, or below its expected Range.

The S-SI and Range are annualized for the four quarters in the April through March year ending in the reporting year before the funding year. See the MFIP Annualized S-SI and WPR report for 2017 on the MFIP Reports page on the DHS website. A service area with an annualized S-SI "above" its customized Range of Expected Performance for 2017 will receive a 2.5 percent bonus added to its Consolidated Fund allocation for calendar year 2018. [MFIP Annualized S-SI and WPR report \(PDF\)](#)

If your service area is receiving a bonus, congratulations! Please share a success strategy here:

8000 characters remaining

In the future, if your service area has an annualized S-SI below its range for two consecutive years, you will have to **negotiate a multi-year improvement plan** with the commissioner. If no improvement is shown by the end of the second year of the multi-year plan, the next year's allocation must be decreased by 2.5 percent, to remain in effect until the service area performs within or above its Range of Expected Performance. For example, a service area scoring "below" for 2016 and 2017 would need to put in place a multi-year improvement plan. If continuing "below" for 2018 and 2019, there would be a 2.5 percent decrease for the 2020 Consolidated Fund allocation which would continue until an annualized S-SI above or within its Range. Then the service area would receive 100 percent of the allocation.

Supplemental information about the Performance Management System and Performance Improvement Plans can be found on CountyLink: www.dhs.state.mn.us/HSPM. If you would like additional information, contact the DHS Performance Management team at DHS.HSPM@state.mn.us or 651-431-5780.

C. Measures (continued)

Racial/Ethnic Disparities

2. A racial/ethnic disparity for a service area is defined as a one-year Self-Support Index that is five or more percentage points lower for a non-white racial/ethnic group than for the white group of MFIP/DWP-eligible adults in that area. Access the report "Two-Year Performance Trends of Racial/Ethnic and Immigrant Group". This report lists (1) service areas that have any racial/ethnic disparities requiring action and (2) the table of differences for all service areas.

[Performance Measures by Racial/Ethnic or Immigrant Group \(PDF\)](#)

If your service area is in the disparity list, please answer the following question:

DHS will work with you to reduce these disparities.

What strategies and action steps for each of the groups with disparities do you plan for the coming biennium?

D. Program Monitoring/Compliance

1. What procedures do you have in place to ensure that program funds are being used appropriately as directed in law? *Check all that apply.*

- Budget control procedures for approving expenditures
- Cash management procedures for ensuring program income is used for permitted activities
- Internal policies around use of funds, i.e. participant support services
- Other

2. What procedures do you have in place to ensure program policies are followed and applied accurately? *Check all that apply.*

- Case consultation
- Sample case review by workers
- Sample case review by supervisors
- Other

If your service area has not made changes to your random drug testing policy since the last BSA, go to Section E.

3. What procedures/policies do you have in place for administering random drug tests of convicted drug felons on MFIP as required by Minnesota Statutes, section 256J.26, subdivision 1?

- Written policy within the MFIP unit
- Coordination with Corrections
- Currently establishing new policy/procedure(s)
- Other

If your random drug testing policy has changed since the last BSA, please submit a copy to Tria Chang at Tria.Chang@state.mn.us

E. Collaboration and Communication with Others

1. How many employment services front-line staff are employed in your county or consortium?

3

How many employment services front-line staff in your county or consortium have MAXIS access?

1

How many managers/supervisors have MAXIS access?

1

2. Describe the process your service area uses to identify and resolve discrepancies between MAXIS and WF1 data in areas such as Family Stabilization Services coding, employment/hours, sanction status, etc.

Employment Services Staff meet face to face with Financial Workers twice monthly to review MFIP/DWP cases, review coding, and make modifications as needed. Employment Services Staff review DEED data reports monthly and share with Financial Workers to make corrections as needed.

Administrative Cap Waiver

Minnesota Family Investment Program (MFIP) allows counties to request a waiver of the MFIP administrative cap (currently at 7.5%) for providing supported employment, uncompensated work or community work experience program for a major segment of the county's MFIP population. Counties that are operating such a program may request up to 15% administrative costs.

If your county is interested in applying for the waiver for the coming biennium, please complete the following four questions. Email Tria.Change@state.mn.us if you need assistance with the waiver.

1. Describe the activity(s) you will provide.

4000 characters remaining

2. Explain the reasons for the increased administrative cost.

characters remaining

3. Describe the target population and number of people expected to be served.

characters remaining

4. Describe how the unpaid work experience is designed to impart skills and what steps are taken to help participants move from unpaid work to paid work.

Addendum for Unpaid Work Experience Activities

If your county is providing unpaid work experience activities for MFIP participants and you don't already have an Injury Protection Plan (IPP) in place, please fill out the IPP form. Email the completed form to Tria.Chang@state.mn.us.

Provider Choice

Does your county:

- Have at least two employment and training services providers. Go to Section H.
- Have a workforce center that provides multiple employment and training services, offers multiple services options under a collaborative effort and can document that participants have choice among employment and training services designed to meet specialized needs. Go to Section H.
- Intend to submit a financial hardship request.

County MFIP Biennial Service Agreement

G. Other (continued)

Financial Hardship Request

FINANCIAL HARDSHIP - Exception to Choice of Employment Service Providers Requirement

MFIP provisions require counties to make a choice of at least two employment service providers available to participants unless a workforce center is being utilized (Minnesota Statutes, section 256J.50, subdivision 8). Counties may request an exception if meeting this requirement results in a financial hardship (Minnesota Statutes, section 256J.50, subdivision 9).

A financial hardship is defined as a county's inability to provide the minimum level of service for all programs if a disproportionate amount of the MFIP consolidated fund must be used to cover the costs of purchasing employment services from two providers or the cost of contracting with a workforce center.

To request approval of a financial hardship exception from the choice of provider requirement, please provide the following information.

1. If the county had a choice of providers in calendar year 2015, describe:
 - factors that have changed which indicate a financial hardship
 - why the hardship is expected to persist in the near future and
 - the magnitude of the hardship, which makes limiting delivery of employment services the best financial option for the county.

characters remaining

2. Summarize options explored by the county, including use of other partners in a workforce center or other community agencies, such as a Community Action Program or a technical college. The summary should also include:
 - major factors which prevent the county from utilizing these options and include a cost analysis of each option considered; and
 - the process used to determine the cost of other options (RFP or other county process).

characters remaining

3. If the county proposes to directly deliver MFIP employment services, provide a budget and staffing plan that clearly indicates consolidated funds will not be used to supplant county funds. The description should include information about what steps will be taken to ensure that county staff have the experience and skills to deliver employment services.

characters remaining

The Department of Human Services (DHS) and the Department of Employment and Economic (DEED) will also review the amount budgeted by the county for employment and training during calendar year 2015 and use this amount as a guide to determine whether the amount budgeted by the county for calendar year 2016 is reasonable.

If a financial hardship is approved, DHS and DEED will closely monitor county programs to ensure outcomes are achieved and services are being delivered consistent with state law.
