Darrell Pettis, County Highway Engineer

## Le Sueur County Seeks landowners willing to reclaim depleted gravel pits

Le Sueur County currently imposes an aggregate production tax. Under State law, 15 percent of the revenue collected from the aggregate production tax must be used for the restoration of abandoned pits, quarries, or deposits located within the county. Le Sueur County has funds available to assist landowners with restoration.

If you are a landowner in Le Sueur County and are willing to consider working with the County to reclaim a depleted pit, please contact Don Reak or Darrell Pettis at 507-357-8201

If there are no abandon pits, quarries or deposits located within the county, this portion of the tax shall be used for any other unmet reclamation need or for conservation or other environmental needs.

Minnesota Statue 2012: 298.75  
Aggregate Material removal; Production tax
