Fuel Surcharges:

As a result of fuel increase in our market, Oldcastle will be implementing a fuel surcharge that will only effect delivery rates (not material cost) at the time of delivery. Rates are derived from pricing as established by the US Energy Information Administration's Gas and Diesel fuel index. The Fuel Surcharge item on quotes is established at the time of bid and the actual fuel surcharge may be higher or lower based on the index.

Steel Notes:

Due to steel supply chain constraints and long lead times, Oldcastle reserves the right to extend delivery dates based on availability.

Sales tax is not included. Payment terms are NET 30 Days from Invoice Date. All past due accounts are subject to an interest charge based on 18% per annum.
