This Agreement is between the State of Minnesota, acting through its Commissioner of Transportation ("State") and Le Sueur County acting through its Board of Commissioners ("County").

Recitals

1. The State is about to perform grading, concrete and bituminous surfacing, ADA improvements, modular block wall, snow fence, roundabout and lighting construction upon, along, and adjacent to Trunk Highway No. 13 from 1500' north of south Jct. of Trunk Highway No. 21 to 600' north of County State Aid Highway No. 28 under State Project No. 4002-49 (T.H. 13=013); and
2. The State requires a detour to carry T.H. 13 traffic on County State Aid Highway (C.S.A.H.) No. 3, County State Aid Highway No. 26 and County State Aid Highway No. 29 during the construction; and
3. The County is willing to maintain the T.H. 13 detour; and
4. The State is willing to reimburse the County for the road life consumed by the detour and detour maintenance as hereinafter set forth; and
5. Minnesota Statutes § 471.59, subdivision 10, § 161.25, and § 161.20, subdivision 2(b), authorize the parties to enter into this Agreement.

Agreement

1. Term of Agreement

- 1.1. **Effective Date.** This Agreement will be effective on the date the State obtains all signatures required by Minnesota Statutes § 16C.05, subdivision 2.
- 1.2. **Expiration Date.** This Agreement will expire when the State removes all detour signs, returns the temporary Trunk Highway detour to the County, and pays for the detour compensation.

2. Agreement Between the Parties

2.1. Detour.

- A. **Location(s).** The State will establish the T.H. 13 detour route on the following County roads as detailed in the project plans or Special Provisions:
C.S.A.H. 3, C.S.A.H. 26 and C.S.A.H. 29 for a total distance of 8.5 miles.

- B. *Modification of the Detour Route.*** The State may modify the detour route or may add additional roadways to the official detour during construction. The State will request concurrence from the County for changes to the detour route. If such change increases the State's total payment amount over the maximum obligation in Article 3.3.B, the Agreement will be amended.
- C. *Axle Loads and Over-Dimension Loads.*** The County will permit 10-ton axle loads on the detour route. Over-dimension loads will not be permitted except in cases of extreme emergency.
- D. *Traffic Control Devices.*** The State may install, maintain, and remove any traffic control devices it considers necessary to properly control the detoured traffic. The State may paint roadway markings, such as the centerline, edge lines, and necessary messages.
- E. *Duration.*** The State will provide the County with advance notice identifying the dates the State intends to place and remove the detour signing.

2.2. *Maintenance.*

- A.** The County will maintain the portion of the detour that is on County roads, and furnish all necessary labor and materials, to the satisfaction of the State's District Maintenance Engineer at Mankato.
- B. *County's Failure to Adequately Maintain.*** If the County fails to adequately maintain the detour as provided in Section 2.2.A. of this Agreement, of which failure the State will be the sole judge, the State may perform such work or cause it to be performed, as the State's District Maintenance Engineer considers necessary, to properly and adequately maintain the T.H. 13 detour. The State may retain the cost of such maintenance from any moneys then due, or thereafter becoming due, to the County under this Agreement. This paragraph will not be construed to relinquish any rights of action that may accrue on behalf of the State against the County for any breach of agreement.

2.3. *Basis of State Cost.*

- A. *Road Life Consumed.*** The State will reimburse the County for the road life consumed by the detour using the following methods, as set forth in the Detour Management Study Final Report dated January 1991, and updated by MnDOT's Policy on Cost Participation for Cooperative Construction Projects and Maintenance Responsibilities between MnDOT and Local Units of Government.
 - i.** The "Gas Tax Method" formula, multiplies the Combined Tax Factor per mile times the Average Daily Traffic ("ADT") count of vehicles diverted from the Trunk Highway times the county road length in miles times the duration of the detour in days to determine the State's cost for the road life consumed by the detour. If an ADT changes, the parties will amend the Agreement.
 - ii.** The County may, at its option, perform an "Equivalent Overlay Method" analysis. A State-approved firm, at no cost or expense to the State, must perform the testing and analysis. The County will keep records and accounts to verify any claim it might bring against the State for additional costs using the "Equivalent Overlay Method".
- B. *Maintenance Costs.*** The State's detour maintenance cost will be equal to the amount computed by using the "Gas Tax Method" formula under Section 2.3.A.

3. *Payment*

The State's payment consists of the sum of the road life consumed and maintenance amounts.

- 3.1. *For Road Life Consumed.*** The State's total payment for the road life consumed by the detour is equal to the amount computed by using the "Gas Tax Method" formula plus any amount determined by using the "Equivalent Overlay Method" analysis that is in excess of twice the "Gas Tax Method" amount.

The State's estimated cost for the road life consumed by the detour is based on the data below:

<u>Route</u>	<u>Tax Factor</u>	<u>ADT</u>	<u>Road Length (Miles)</u>	<u>Duration (Days)</u>	<u>Cost</u>
C.S.A.H. 3, C.S.A.H. 26 and C.S.A.H. 29	0.00513	5141	8.5	124	\$ 27,797.49
Road Life Consumed Amount:					<u>\$ 27,797.49</u>

3.2. For Maintenance. \$27,797.49 is the State's estimated cost for detour maintenance based on the "Gas Tax Method" amount.

The State may retain the cost of State performed detour maintenance, as provided for in Section 2.2 of this Agreement, from any moneys then due, or thereafter becoming due, to the County under this Agreement.

3.3. Total Payment and Maximum Obligation.

- A. \$55,594.98 is the State's estimated payment for road life consumed (\$27,797.49) and maintenance (\$27,797.49).
- B. \$150,000.00 is the maximum obligation of the State under this Agreement and must not be exceeded unless the maximum obligation is increased by execution of an amendment to this Agreement.

3.4. Conditions of Payment. The State will pay the County the State's total road life consumed and maintenance payment amount after performing the following conditions.

- A. Execution of this Agreement and the County's receipt of the executed Agreement.
- B. State's encumbrance of the State's total payment amount.
- C. State's removal of all detour signs.
- D. State notifies the County of the removal of the detour signs, and the number of days the detour was in effect.
- E. State's receipt of a written request from the County for payment.

4. Release of Road Restoration Obligations

By accepting the State's road life consumed and maintenance payment plan and total payment amount, the County releases the State of its obligation, under Minnesota Statutes § 161.25, to restore the County roads used as a T.H. 13 detour to as good condition as they were before designation as temporary trunk highways.

- 6.4. **Contract Complete.** This Agreement contains all prior negotiations and agreements between the State and the County. No other understanding regarding this Agreement, whether written or oral, may be used to bind either party.

7. **Liability**

The County and State will be responsible for their own acts and omissions, to the extent authorized by law. Minnesota Statutes § 3.736 governs the State's liability. Minnesota Statutes, Chapter 466 governs the liability of the County.

8. **State Audits**

Under Minnesota Statutes § 16C.05, subdivision 5, the County's books, records, documents, and accounting procedures and practices relevant to this Agreement are subject to examination by the State and the State Auditor or Legislative Auditor, as appropriate, for a minimum of six years from the end of this Agreement.

9. **Government Data Practices**

The County and State must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13, as it applies to all data provided by the State under this Agreement, and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the County under this Agreement. - 11.2. **Termination for Insufficient Funding.** The State may immediately terminate this Agreement if it does not obtain funding from the Minnesota Legislature, or other funding source; or if funding cannot be continued

at a level sufficient to allow for the payment of the services covered here. Termination must be by written or fax notice to the County. The State is not obligated to pay for any services that are provided after notice and effective date of termination. However, the County will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed to the extent that funds are available. The State will not be assessed any penalty if this Agreement is terminated because of the decision of the Minnesota Legislature, or other funding source, not to appropriate funds.

11.3. *Suspension.* In the event of a total or partial government shutdown, the State may suspend this Agreement and all work, activities, performance, and payments authorized through this Agreement. Any work performed during a period of suspension will be considered unauthorized work and will be undertaken at the risk of non-payment.

12. Force Majeure

No party will be responsible to the other for a failure to perform under this Agreement (or a delay in performance), if such failure or delay is due to a force majeure event. A force majeure event is an event beyond a party's reasonable control, including but not limited to, unusually severe weather, fire, floods, other acts of God, labor disputes, acts of war or terrorism, or public health emergencies.
