of Drainage System Records for Le Sueur  
County Ditch 43

**Hearing Agenda**

---

Final Hearing on Drainage System Records Reestablishment/Correction for Le Sueur County Ditch 43. 10:00 a.m., August 15, 2019, Commissioners' Room, Le Sueur County Courthouse, 88 South Park Avenue, Le Center, Minnesota.

1. Opening of Hearing – *Board Chairperson*
2. Purpose of the Hearing – *John Kolb*
3. Record of Notice Requirements – *John Kolb*
4. DNR Advisory Report – *DNR Official* (if any, otherwise read report into record)
5. Engineer's Report – *Chuck Brandel*
6. Public Comment and Questions
7. Board Deliberations
  - a. What does the evidence demonstrate regarding the original construction or subsequent improvement of CD 43?
  - b. From the record and weight of the evidence can you determine the most likely drainage system:
    - 1) alignment;
    - 2) cross-section;
    - 3) profile;
    - 4) right-of-way?
  - c. Is there evidence or comment in the record that should be specifically addressed in the findings or decision?

8. Decision of the Drainage Authority

a. Return to Engineer for more analysis:

This will only occur if changes are necessary or if the engineer's report is missing information that may materially affect the engineer's conclusions and recommendations.

b. Adopt reestablished drainage system record indicating alignment, cross-section, profile, and right-of-way of the drainage system as originally constructed or subsequently improved in accordance with the drainage code.

The drainage authority shall state, by order, its findings regarding the evidence supporting the reestablished records.
