2018 Jefferson/German Watershed Phosphorus Reduction Project MN State Clean Water Fund

On January 16, 2018 I had previously informed you that Le Sueur SWCD had received a Clean Water Fund grant in the amount of \$387,100 to complete clean water projects around the Jefferson German lake chain. The Grant requires a \$96,900 match contribution.

Currently, that grant is on track for completion in December 2020. We have encumbered or completed over 60% of the work and we are on track to finish on time. Previously the board had approved \$25,000 in gravel tax funds. Due to changes to our grant, our local match will be higher to fulfill the requirements of the grant.

I am requesting the County Board allocate \$34,000 instead of the original \$25,000 that was previously approved on 1/16/18 in gravel tax funds to be used for this project.

Previous Proposed Match Scenario 1/10/18:

Lake Association:	\$12,000
Gravel Tax:	\$25,000
Landowner:	\$45,900
<u>In-Kind:</u>	<u>\$14,000</u>
Required Match	\$96,900

Proposed Updated Match Scenario:

Lake Association:	\$12,000
Landowner:	\$50,900
<u>Gravel Tax:</u>	<u>\$34,000</u>
Required Match:	\$96,900

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Schultz".

Michael Schultz
