### ***Grading, Excavating, and Filling Section***

Please list and/or name different grading, excavating, and filling projects separately. Dimensions of projects **must** be in feet. If you have multiple projects, you must add the cubic yards of each project together to determine your total cubic yards. Examples of projects include but are not limited to: Retaining walls, sand blanket, rain gardens, and soil movement.

**Name and Type of Project:** \_\_\_\_\_

Length \_\_\_\_\_ Width \_\_\_\_\_ Depth \_\_\_\_\_ Cubic Yards \_\_\_\_\_

**Name and Type of Project:** \_\_\_\_\_

Length \_\_\_\_\_ Width \_\_\_\_\_ Depth \_\_\_\_\_ Cubic Yards \_\_\_\_\_

**Name and Type of Project:** \_\_\_\_\_

Length \_\_\_\_\_ Width \_\_\_\_\_ Depth \_\_\_\_\_ Cubic Yards \_\_\_\_\_

**Name and Type of Project:** \_\_\_\_\_

Length \_\_\_\_\_ Width \_\_\_\_\_ Depth \_\_\_\_\_ Cubic Yards \_\_\_\_\_

**Material(s):** \_\_\_\_\_

*Type (ex: sand, dirt, rock, gravel, etc.)*

**Total Cubic Yards:** Within Shore Impact Zone \_\_\_\_\_

Outside Shore Impact Zone \_\_\_\_\_

Within Bluff Impact Zone \_\_\_\_\_

**Total:** \_\_\_\_\_

### ***Vegetation Alteration Section***

If your vegetation alteration was due to a riprap installation project, please include the following with your land alteration plan: documentation that native vegetation was planted.

Please included tree removal and tree replacement information in this section.

**Type of vegetation alteration(s):**  Remove  Replace  Establish

*(Check all that apply)*

**Type:**  Trees  Shrubs  Grasses  Forbs (flowering plants)

*(Check all that apply)*

**Please either list species or include list as attachment:** \_\_\_\_\_

\_\_\_\_\_

**Quantity of vegetation altered:** \_\_\_\_\_

### ***Riprap Section***

If your riprap project required any grading, excavating, and filling activities prior to installing the riprap, that **must** be included in the grading, excavating, and filling section (*section is located above*).

**Total length (linear feet):** \_\_\_\_\_ **Total width (above the OHWL):** \_\_\_\_\_

**Total height (above the OHWL):** \_\_\_\_\_ **Total Slope of project:** \_\_\_\_\_

**Type of Filter Material used:** \_\_\_\_\_ **Type of rock used:** \_\_\_\_\_

**Size of rock used (range is acceptable):** \_\_\_\_\_

**Documentation that Native Vegetation was planted in conjunction with riprap project** (*check all that apply*):

Copy of Invoice       Photos Included       Staff Verified Through Site Visit

### ***Impervious Surface Section***

**Total Impervious Surface for the Lot** (please list in square feet and as a percent):

Square feet \_\_\_\_\_ % \_\_\_\_\_

**Please either list or include list as attachment of the impervious surface(s) that were add to the lot:**

\_\_\_\_\_

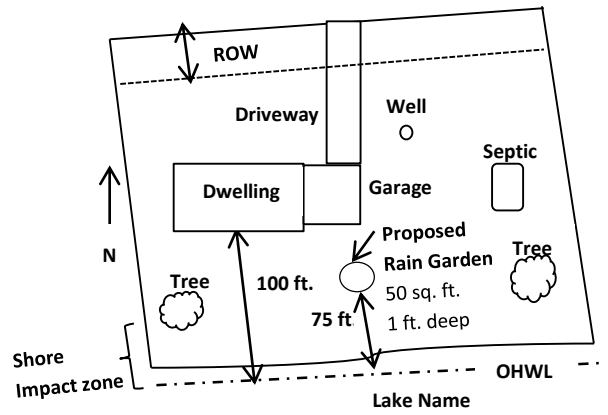

### **Project Description**

**When applicable, must include:** Location of project in relation to the OHWL and the shore impact zone, vegetation cleared (what kind of vegetation, number to be cleared), vegetation replacement, cubic yards of material movement (material movement: brought in, removed, and/or moved dirt/rock/gravel/sand material), and dimensions of project (length, width, and height).

**Describe in detail the completed project(s) and its purpose:**

# Project Site Sketch

**Must Include:** North direction, shoreline, distance of the project to the OHWL, location of erosion control measures, identify bluff or steep slope, well location, septic location, and structure locations, proposed project dimensions, vegetation alterations & replacement locations, and location of proposed impervious surface.

I understand that I am responsible for the above described project. I understand that by submitting this as-built, I am consenting to allow the Environmental Services Department to inspect and verify that all information in the as-built is complete and correct; and to conduct inspections after construction and/or installation for compliance with the permit and the Le Sueur County Zoning Ordinance. I understand that straying in excess from the approved land alteration plan may trigger an after-the-fact violation.
